## Welcome to Potter, Partner!

Located closer to I-80 than any other Nebraska downtown, a scenic one-minute drive takes you to the heart of small town America. Here you can experience and taste the finer things that made America great. Are the kids tired of riding in the car? We have great parks with obstacle course type play equipment where the kids can unwind. Downtown, enjoy a quiet Reading Garden with a gazebo, located next to the library. Across the street are two antique malls, a flea market and the old fashioned soda fountain. Potter's Historical Foundation has restored several downtown buildings. One of the buildings is home to what is believed to be the only functional duckpin bowling alley west of the Mississippi. Potter's original railroad depot serves as one of our two museums. Artifacts tell how the Union Pacific Railroad and agriculture shaped the community.

## Stone Museum & Old Bank Building

The old hand-hewn stone building downtown, originally housed the post office, but now exhibits a menagerie of indigenous relics for visitors to enjoy.
